

User Manual

1. Sign in

- 1 Open homesaversscanner.pages.dev and bookmark it.
- 2 **Username** = your 4-digit store code (e.g. 1015).
- 3 **PIN** = the PIN provided.
- 4 Tap **Sign in**.

The sign-in screen.

 The top-right badge shows **Store Login · your store**. If it shows the wrong store, sign out and sign in again before logging anything.

2. The menu

MENU	WHAT IT'S FOR
HO Tasks	Report a problem with a product (Non Scans, Wrong Price, Wrong Description, Department Checks, etc.).
Reports	View and track all the records you have logged.
Product Query	Ask other stores about a product you don't recognise.

3. Report a product problem (HO Tasks)

- 1 Tap **HO Tasks**.
- 2 Pick the **Task Type** from the dropdown.
- 3 Scan or type the **Product Barcode**. The product description and supplier fill in automatically if we have them.
- 4 Fill the remaining fields and add a note if useful.
- 5 Tap **Save**.

The screenshot shows the 'HO Tasks' form in the 'homesaversscanner' app. The form is titled 'HO Tasks' with a subtitle '1 record'. It features a 'TASK TYPE' dropdown menu currently set to 'A — UOM Errors'. Below this is a 'Product Barcode' field with a 'Scan or' button and a search input. A 'UOM' dropdown is set to 'A — UOM Errors'. The 'Quantity' field is set to '0'. A 'Notes (optional)' text area contains the placeholder 'Anything worth flagging...'. At the bottom are 'Clear' and 'Save Record' buttons. The app's bottom navigation bar includes 'Home', 'Tasks', 'Query', 'HO' (active), and 'Reports'.

Task Type	Frequency
A — UOM Errors	Daily
B — Non-Scans	Daily
C — Wrong Prices	Daily
D — Wrong Description	Daily
E — Price Marked Products	Daily
F — DRS Errors	Daily
G — Promotion Error	Daily

HO Tasks — pick a task type, scan the barcode, fill the form, tap Save.

Task types

CODE	USE IT WHEN...
A · UOM Errors	If the price/UOM is wrong or not printed in SEL.
B · Non-Scans	Till can't scan the barcode. Needs 2 photos: product + barcode.
C · Wrong Prices	If price doesn't match.
D · Wrong Description	SEL name doesn't match the product.
E · Price Marked	Printed price on the pack differs from the till.
F · DRS Errors	Wrong deposit charge. Check the return logo is on the bottle first.
G · Promotion Error	Promotion errors.
H · Stock Count	Only when HO asks for a count.
I · Miscellaneous	Anything that doesn't fit the others — add a clear note.
J · Department Check	Quick barcode log for a department check walkthrough.

No scanner gun? Tap  **Scan with Camera** and point the camera at the barcode.

4. What the statuses mean

STATUS	MEANING	WHAT YOU DO
Pending	Waiting for Head Office.	Nothing — wait.
Completed by HO	HO has fixed it.	Check the till, then tap ✓ Clear .
Clear	You've confirmed the fix.	Done — it leaves your list.

Clear just hides the record from your list. It is kept safely for Head Office.

5. Reports

Use Reports to view and track everything your store has logged — past and present.

- 1 Tap **Reports** in the menu.
- 2 Set the **date range** and any other filters (task type, status).
- 3 Tap **Run report** to load the records.
- 4 Each row shows the Product Barcode, Description, Status, and Date logged.
- 5 Tap **✓ Clear** on any **Completed by HO** record once you have checked the fix at the till.

TASK TYPES
B — Non-Scans

STATUS
Any status (excl. cleared)

Run report ↓ CSV

Showing 3 records

Task	Store	Product	Description
A		5391501810478	

Home Tasks Query HIO Reports

Reports — filter by date, task type or status to find any record.

💡 If a record is not showing, check the **Status** filter — it may be set to Pending only. Switch it to **All** to see everything.¹

6. Product Query

For a product with no barcode, or one nobody recognises — ask the whole chain.

- 1 Tap **Product Query** → **+ Ask all stores**.
- 2 Take a photo and write a short note.
- 3 Tap **Post question**.
- 4 When someone answers and you're sorted, tap ✓ **Close thread**.

Product Query — the chain-wide help board.

7. If the internet drops

Keep working. Records save on the device and upload when you're back online. You'll see "*Saved offline — will sync.*"

Don't sign out while the orange **Offline · queued** pill is showing — wait for it to clear.

8. Quick fixes

PROBLEM	FIX
"Username or PIN doesn't match"	Check Caps Lock; ask your manager to reset your PIN.
Wrong store in the top badge	Sign out and sign in again. Don't log anything until it's right.
List looks empty	Tap All on the Status filter to clear it.
Scanned barcode doesn't fill the description	Type the description in manually. The product may not be in the system yet.
Record keeps showing as Completed by HO	Check the fix at the till, then tap ✓ Clear .

Still stuck? Screenshot the screen and send it to your Store Manager.
